Who we are:

ONTRAC Studios is a professional 24 track recording studio located in beautiful Victoria, BC. Our friendly atmosphere and private setting provide a relaxing and creative environment where the artist is free to give his or her best performance.

Each room is treated with hand-built Cedar resonators, bass traps, and Sonex.

Ross Holloway has been in the music industry for over 35 years as a singer/songwriter, Recording Engineer, and Producer. As a concert performer, Ross has had the honour and pleasure of opening for PETER FRAMPTON, ROBERTA FLACK, SUPERTRAMP, JOHN MAYALL, and THE BEE GEES to name just a few, and has been on and off the concert circuit for many years. He has performed in venues across Canada, including the Forum in Montreal, the National Arts Centre in Ottawa, and the Queen Elizabeth Theatre in Vancouver.

Brett Faulkner is both a musician and Recording Engineer by trade. After graduating from Selkirk College with a diploma in Audio Engineering, Brett had soon recorded and produced several albums and received the Canadian Academy of Recording Arts and Sciences Award for his work.

The Studio:

To provide you with the highest quality recording possible, ONTRAC is equipped with microphones from the lead names in music technology, including Neumann, AKG, Audio Technica, and Shure. Our smaller room is able to house a drum kit, while our large room can host an entire band with ease. The ability to isolate instruments and lay down several tracks at once not only decreases your recording cost, but

The control room features an Allen & Heath recording console, a Tascam digital recorder, a Tascam mastering machine, and a host of rackmount gear.
